# NorCal Blending Center Bulletin Board

*1 Cor. 12:24a  
God has  
blended the  
body together...*

## Update and Prayer Request

As we wrote previously, we worship and thank the Lord for answering the prayers of the saints and the churches as the Conditional Use Permit (CUP) application for our NorCal Blending Center was passed 5-0 by the City Planning Commission. We now plan to give the churches a regular update on progress for the Blending Center for your continued support in prayer. We believe the Lord is perfecting the one accord among the Northern California churches as we go forward to the next stages of the development of the Blending Center.

We are now actively entering into building permit preparation by forming a design team quickly and harmoniously to submit a building permit package for the City Building Department's expeditious approval. This involves finding the right professionals in architecture, engineering, interior design, etc., for the detailed design and a constructor to build.

We ask for specific prayer in the following areas that are needed right now:

- 1. For wisdom and judgment to find the best professionals for the design team and construction management team.**
- 2. For more saints to receive the fellowship for loan commitments (\$2M remaining) to pay off the high interest Seller loan.**
- 3. For another tenant to lease out the remaining space in our adjacent commercial rental building.**

We thank the Lord for His blessing on the one accord and the persevering prayer of all the churches in Northern California!

The Brothers Serving with the NCCCC
